

University Policies

Alcohol Policy

Winthrop University supports all federal, state and local laws relating to the possession and use of alcoholic beverages. Responsibility for good conduct rests with each individual community member and with university-affiliated student clubs, organizations, groups, and athletic teams. Students of legal age should consume alcohol responsibly.

In accordance with the University's Medical Amnesty Policy, any student who calls for emergency assistance on behalf of an intoxicated or overdosing peer will not face disciplinary action for alcohol or drug use, provided they cooperate with first responders and university officials.

Students who require hospitalization or medical evaluation due to dangerous levels of intoxication or drug overdose are required to meet with the Dean of Students or a designated staff member. Students remain subject to any applicable local, state, or federal laws.

Please note the following conduct is prohibited by law:

- The purchase, consumption, or possession of alcohol by any person under the age of 21.
- The sale or transfer of alcoholic beverages to any person under the age of 21.
- Driving or operating a motorized vehicle while under the influence of alcohol with a blood alcohol level above the legal limit permitted for drivers by South Carolina Law.
- The public or open display or consumption of alcohol in any place not specifically licensed for public consumption.

Furthermore, any student or student group sponsoring social events are the hosts responsible for complying with all applicable laws and university regulations.

Any Violation of a local, state, or federal law is also a violation of the Winthrop University Student Conduct Code. (Section 4. Item 26)

In keeping with this code, consumption of beer and wine is permitted only in the following areas on campus: in the students' rooms who are of legal age; in licensed spaces; at University approved events and during University approved athletic events as allowed by the tailgating policy.

Good Samaritan/Amnesty Policy

The health and safety of Winthrop University Students is of the utmost priority. Students in danger due to intoxication are strongly encouraged to seek medical assistance. In situations

where students witness an individual experiencing severe intoxication or any serious injury after consuming alcohol or any other drugs, Winthrop University strongly encourages students to call the Winthrop University Police Department (WUPD) or notify a staff member trained to assess the students' condition, such as a Resident Assistant (RA) or Residential Success Coordinator (RSC).

As emergency situations can be life-threatening, the University will not charge students with university violations who call for help to actively aid another student in need. Although "Good Samaritan" students will not face disciplinary action, they may be required to meet with the Dean of Students or designee and may be required to undergo a substance abuse assessment and follow the recommendations.

Please note the following important information and stipulations as they pertain to students seeking medical assistance for themselves or others:

- Students seeking medical attention will receive restorative intervention as well as disciplinary action from the University
- South Carolina also has a Good Samaritan law for calling for emergency assistance, but several requirements must be met to avoid prosecution for illegal activity. The University's actions do not have an impact on any legal action as a result of law enforcement (including WUPD) responsibilities.
- Seeking medical assistance only applies to violations of the Student Conduct Code as it pertains to dangerous alcohol or drug intoxication.
- Seeking medical assistance does not apply to other violations of the Student Conduct Code, such as theft, damage to property, assault, sexual misconduct, distribution of drugs, providing alcohol to minors, hazing, etc.
- This leniency will only be granted to those students "actively" assisting or providing aid to the intoxicated student, or Good Samaritans. This leniency may be revoked at any given time as deemed necessary by the Dean of Students or Designee.
- This leniency may be granted to students a second time only with extraordinary circumstances at the discretion of the Dean of Students or Designee.

Procedures for an event which Serves Beer and/or Wine on Campus:

I. Beer and wine may be served at group functions in licensed spaces on campus. Student organizations must request permission to serve beer and/or wine through the space reservation system (Coursedog). Once your space request is received, an event and risk management meeting will be scheduled to discuss the alcohol protocol.

II. University Departments looking to serve beer and/ or wine on campus should also contact University Catering at 803.323.2134, as a licensed vendor/bartender must be used.

III. At all events where alcoholic beverages are served, alternative nonalcoholic beverages and food must also be available. Supervision may be

required to ensure Alcoholic Beverage Policies are observed.

IV. All events where alcohol is served must have a police officer present. Any student organization hosting an event where alcohol is served is responsible for all associated costs, including but not limited to purchasing, securing, and monitoring the distribution of alcohol in accordance with university policy and applicable laws.

V. Violations of the Alcoholic Beverage Policy Pertaining to Student

Organizations. A student or student organization that is found responsible or accepts responsibility for a major incident or is an accessory to misconduct involving a violation of this policy or other prohibited conduct outlined in the Student Conduct Code will be held accountable according to the process outlined in the Student Conduct Code. Relevant staff in the Division of Student Affairs will review minor incidents of alleged violations of University policies by Student Organizations and determine sanctions as appropriate. Sanctions imposed against groups failing to follow established guidelines and policies may include but are not limited to: specified hours of University service, fines and/or loss of campus privileges for a specified period of time (e.g. event restrictions), educational sanctions, or recommendation for revocation of the organization charter.

Assembly Policy

Winthrop University acknowledges the right of **enrolled individual students, as well as University-affiliated clubs, organizations, and departments** to assemble in groups on the University campus for rallies, demonstrations, and gatherings, and has, therefore, designated areas on campus for the above-mentioned groups and individuals to peacefully assemble and conduct business. Assemblies without prior written approval are permitted in the following locations on campus:

- Campus Green B (grassy area closest to the Amphitheatre)
- The Amphitheatre
- In front of Byrnes Auditorium
- Front Lawn by Eagle Statue
- Winthrop Fountain Plaza (Across from Tillman Hall)

Please notify the Dean of Students office (803.323.4503) or deanofstudents@winthrop.edu so that we can ensure there are no major conflicts for your assembly that could result in a last-minute cancellation by the university.

Any University-affiliated group desiring assembly space in any campus building or open

areas other than the above-mentioned spaces or needing sound equipment, tables, or other logistical support must submit a request through the campus event request system (Coursedog) two weeks in advance of the planned assembly/event.

External Groups

As a public, state institution, Winthrop University also acknowledges the right of individuals and groups who are not affiliated with the University to peacefully assemble on campus. These individuals and groups may assemble in the locations listed above but MUST notify the Dean of Students (803.323.4503) or deanofstudents@winthrop.edu at least two business days prior to assembling. Any and all sound equipment used must be cleared through the University and must be provided by the group.

As a state institution, external groups are welcome to come to campus to utilize campus services like the Library or for community memberships in the West Center. Groups can also reserve space on campus or utilize the free speech areas. For information on each of those policies as they relate to external groups/individuals, please review the appropriate policies below:

- Assembly Policy – For free speech activities, external groups must notify the Dean of Students Office before utilization of the assembly areas on campus. See full assembly policy above.
- Posting Policy – External groups may only post on designated [Open Access Bulletin Boards](#). See full posting policy below.
- [Vendor Agreement Form](#) – To reserve a table in DiGiorgio Campus Center for a fee.

Expectations

No part of this Assembly Policy should be interpreted to restrict one's rights to assemble, based on the content or the subject matter presented. However, at such gatherings, Winthrop University expects the rights and privileges of all persons to be respected and that there will be no endangerments to health, blocking of access to instructional or dormitory facilities or the flow of pedestrian or vehicular traffic, or threats to individual or public safety. In addition, such gatherings and assemblies must in NO way disrupt the function of the University or endanger University property. Consistent with the U.S. and S.C. Constitutions, Winthrop University reserves the right at all times to regulate the time, place, and manner in which persons exercise their free speech rights to the extent necessary to assure the safety of the campus community, compliance with this policy and the law, and the orderly operations of the institution.

Chalking Policy

The use of sidewalk chalk is permitted for all students, student organizations, and university departments. Chalking may be used for creative expression, event promotion, and other messages, provided it complies with university guidelines. The intent of this section is (1) to describe expectations for those who wish to chalk on campus sidewalks; and (2) to ensure chalking does not permanently or adversely impact campus grounds. The university reserves the right to remove any chalking that violates university policies, contains obscene or discriminatory content, or is inconsistent with the values of the institution.

Protocols

The use of water-soluble chalk (sidewalk chalk) by student organizations/departments is permitted on University sidewalks provided the chalking complies with the following requirements:

- Chalking is permitted only in open areas that can be directly washed by rain. The chalking must be on horizontal sidewalks not covered by an overhang and at least 30 feet from the entrance of any campus building.
- Chalking is prohibited on all structures and vertical surfaces, including buildings, walls, benches, signs, poles or columns, light poles, and trees.
- The material used to mark the sidewalk must be water-soluble (sidewalk chalk). The use of markers, paints, oil-based products, sprayable chalk, or other aerosol-based products is prohibited.
- Organizations may be asked to removed chalk within 3 days.

Individuals and organizations failing to comply with these protocols may jeopardize future chalking privileges; be liable for damage and/or clean-up costs if any are incurred; jeopardize funding or other privileges afforded to them; and/or face charges in accord with the Student Conduct Code

For questions about these protocols, please contact the Dean of Students Office at (803) 323-4503, or the Department of Student Engagement at (803) 323-2248.

In recognition of its mission to further teaching, learning and research and engage in public service, Winthrop University is committed to fostering an environment that provides for the fair use of copyrighted works to achieve these goals while remaining in compliance with applicable laws. University users of copyrighted works are accorded the rights and privileges pursuant to 17 U.S.C. §§107 (Fair Use), 108 (Reproduction by Libraries and Archives), 109 (First Sale Doctrine and Transfers), 110 (Teaching Exception) and other statutory exemptions and limitations to the exclusive rights granted to the owner of a copyright protected work.

While the University does not intend to unduly restrict the use of works otherwise permitted

under law, it is the policy of Winthrop University to comply with federal copyright law and all related law codified at 17 U.S.C. §101 et seq.

All faculty, staff, and students must adhere to University copyright policy and are expected to seek consultation and advice from the Dean of Library Services when using the copyrighted works of others. It is the policy of the University to inform and educate faculty, students, and staff regarding federal copyright law, the rights of copyright owners, the legal obligation of the University to comply with applicable law, and the rights of the University community to use copyrighted works. Students who believe that they have been subjected to unlawful discrimination by another student should contact the Dean of Students.

Students who believe that they have been subjected to unlawful discrimination under the Americans with Disabilities Act of 1990, including reasonable accommodation and access issues, should contact the University's ADA Compliance Officer through the Dean of Students. If a student wants to file an official complaint, they should fill out this [reporting form](#).

Hazing Policy

Winthrop University is committed to the health and safety of our students. Hazing is a very serious offense that violates both Federal and South Carolina State law, University policy, student organization policy, and fraternities/sororities' national policies. This policy includes

all student organizations recognized by the University as well as any unofficial student group of two or more people operating as clubs, societies, associations, etc., fraternity, sorority, band, SGA, club sport team, and athletic team. Student groups and individual students should not condone or engage in any hazing activity.

Per federal guidelines, **Hazing** is defined as any intentional, knowing or reckless action taken, committed, or situation created by a person (individually or in concert with others) against another person or persons, regardless of the willingness of the other person or persons to participate, which causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury including – (aa) whipping, beating, striking, electronic shocking, placing of a harmful substance on someone’s body, or similar activity; (bb) causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity; (cc) causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances; (dd) causing, coercing, or otherwise inducing another person to perform sexual acts; (ee) any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct; (ff) any activity against another person that includes a criminal violation of local, State, Tribal, or Federal law; and (gg) any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, State, Tribal, or Federal law.

The university hazing policy also includes actions which produce mental or physical discomfort, public embarrassment or ridicule, or harassment. Such activities and situations include assault in any form, physical and psychological shocks, nudity; situations or tasks that interfere with scholastic activities, and any other activities which are not consistent with the regulations and policies of Winthrop University and otherwise isolate or create different standards for new members for the purpose of initiation or admission into or affiliation with a chartered or non-chartered student, organization.

It is a violation of this hazing policy for any person to:

- 1)** Knowingly permit or assist any person in committing hazing activities or
- 2)** Failing to promptly report hazing activities to the appropriate university official. The implied or express consent of a person to participate in hazing does not constitute a defense to violations of the hazing policy.

*Note: This policy complies with the Federal [Stop Campus Hazing Act](#) and the [South Carolina Tucker Hipps Transparency Act](#), and related university conduct policies.

Examples of Hazing

Depending upon circumstances, the following activities have, at one time or another, been

11. Deception and/or threats contrived to convince the pledge he/ she will not be able to join the organization or that inflicts mental stress by not revealing the requirements or basic timetable for joining.

Inclement Weather Policy

It is Winthrop University's policy to provide instruction for students except in cases when extreme weather conditions make roads unsafe for travel.

While Winthrop feels a responsibility to hold scheduled classes and maintain office support for those classes whenever possible, the highest priority is placed on the safety of its students, faculty and staff, including those who are enrolled in on-line degree programs.

In case of hazardous weather, the Office of University Communications and Marketing advises students, faculty and staff to first check the University's Emergency Information website at www.winthrop.edu/emergency or their Winthrop e-mail, which will reflect the latest class and office schedules. Office members also notify, as quickly as possible, the following local media outlets regarding closings and delays:

Radio: WRHI-AM (1340), WRHM-FM (107), WFAEFM (90.7), WPEG-FM (98),

WRFX-FM (99.7), STARFM (104.7), LINKFM (107.9), WBT (1110 AM)

Television: WCBL-TV (CN2), WBTV (3), WSOC-TV (9), WCNCNBC 6 (36),
Fox Charlotte 18 WCCB-TV

Notices also may be listed in The Herald and Charlotte Observer's main or York section, provided that the decision to close or delay classes meets publication deadlines. Also, if possible, information will be available on the campus alert line, (803) 323-2222.

Students should use their discretion in judging the safety of traveling to the university during periods of inclement weather. Winthrop students taking courses on-campus or enrolled in online degree programs should notify their professors immediately if they anticipate missing class due to inclement weather. If an on-campus student anticipates missing an extended amount of class time, in addition to notifying their professor, they should notify and provide documentation to the Dean of Student's Office, and request that absence notifications be sent out. Students enrolled in on-line degree programs should notify their Student Services Coordinator, in addition to their professors, in the event of potential anticipated extended absences due to inclement weather.

All are strongly urged to [register for WU Alerts](#) to receive text and voicemail messages with incident notifications, for critical emergency updates and/or the status of any closings or delays.

Intellectual Property Rights Policy

Approved by Winthrop University Board of Trustees February 18, 2025

The fundamental mission of Winthrop University embraces teaching, research, and service, both to enhance and advance knowledge and to serve the public good. To do so, Winthrop University recruits and maintains a diverse faculty of national caliber.

It "supports its faculty as they enhance their abilities as effective teachers and as they develop and enrich their knowledge and skills as scholars, researchers, practitioners and creative artists in their disciplines. Moreover, Winthrop ... support[s] high quality instruction and research in every field of study offered by developing and maintaining at an appropriate level its classrooms, studios and performance spaces, as well as its informational and instructional technology resources."

Thus, it is in the interest of all members of the university community to foster the creation of the highest quality intellectual properties that further the academic mission of the University; foster the dissemination of new knowledge and the maintenance of high academic standards to improve the education we provide our students and the service we provide to the citizens of the State of South Carolina; and to provide incentives for university faculty, staff , and students to participate fully in the use and creation of intellectual properties. Strong mutual interests are shared among the university, the faculty, the staff, and the students in the appropriate

allocation of the ownership rights associated with such intellectual properties; and the rights that belong to the owners of intellectual properties should be allocated so to optimally support the mutual interests of the university, faculty, staff, and students.

Involuntary Withdrawal Policy

The University is committed to creating a safe environment for its students and the University community. When a student can no longer remain on campus, with or without reasonable accommodations, because the student is a safety risk or they are causing repeated disruption to the university's learning environment, the student may be involuntarily withdrawn from the University. A student may be involuntarily withdrawn if the university determines on an individualized, case-by-case basis, in accordance with the procedures outlined in the policy, that the student:

- a. Demonstrates behavior that is unreasonably disruptive to the normal educational, residential or other activities of the University;
- b. Demonstrates behavior that endangers him/herself, or that creates an imminent and direct threat that the student may endanger him/herself, or;
- c. Demonstrates behavior that endangers others, or that creates an imminent and direct threat that the student may endanger others.

For more details about the process, please review the Involuntary Withdrawal full policy [Involuntary Withdrawal Policy](#).

Non-Academic Complaint Procedures

It is the role of the University to protect the rights and privileges of all parties involved, so that Winthrop students can have a positive educational experience in which their concerns can be expressed openly and readily. Winthrop University maintains a comprehensive procedure to promptly address non-academic student complaints. For non-academic student complaints, rigorous and robust response mechanisms and records of actions are maintained by the Dean of Students Office. Non-Academic student complaints are addressed in a fair and professional manner.

To address and resolve their complaints as quickly as possible, students should contact the office responsible for overseeing the immediate area causing the concern. There are multiple access points for students to make the University aware of their concerns, including, scheduling a face- to-face meeting or telephone conversation with a designee from the corresponding area in which the issue occurs, or completing the online [Non-Academic Student Complaint form](#). Records of complaints and their resolutions are maintained by the

Dean of Students.

If students are uncertain to whom or where to address their complaints, they can contact the Dean of Students Office, located in 246 DiGiorgio Campus Center by walking in or calling (803) 323-4503 to schedule an appointment. Once an appointment is scheduled, a designee from the Dean of Student's Office will help the student in resolving the complaint. Posting Policy

Free expression is encouraged on the campus of Winthrop University. Handbills, leaflets, and similar printed materials may be distributed at no cost by currently enrolled students, recognized student organizations, university personnel, and approved off-campus entities. Distribution is permitted only in designated campus areas and must not disrupt university operations or activities.

To effectively convey information of importance to the campus community, as well as individuals and groups unaffiliated with the school, the following guidelines have been established for the posting and distribution of materials on the campus of Winthrop University.

Neither the contents of this policy nor the receipt of an approval for posting should in any way be understood as an endorsement of support by Winthrop University of the materials being posted or the actual function(s) being advertised. In the interest of campus and public safety, the University may make exceptions to this policy. The purpose of this policy is to:

1. Provide guidelines and procedures by which material may be posted.
2. Outline the approval process for posting materials in areas of campus where prior approval is required.
3. Highlight designated areas of campus where posting is allowed without the prior approval of a Winthrop University official or department. For the purpose of this policy, these areas will be referred to as “Open Access Bulletin Boards”.
4. Explain the enforcement avenues of the policy.

In order to uphold community standards, anyone interested in posting on campus must follow the guidelines listed below. These guidelines will ensure that posting rights will not be based on the content or viewpoints expressed.

Posting Guidelines:

- For Winthrop University student organizations, posted materials must promote the publicized activity and the sponsoring university organization as its primary message, rather than the commercial advancement of the non-affiliated entity or product. If the name, logo, trademark, slogan, or similar identifier of a non-university entity appears on the posting, it must not appear as the dominant message. Student organizations that want to post flyers/posters/materials must follow the approval process for each

building/location. For more information on the posting procedures for specific locations on campus and the approval process, please review the [Winthrop University Posting Guidelines](#).

- The university restricts the use of lawn signs for directions only on the main campus. These directional signs must be approved and follow the guidelines outlined at [Outdoor Signs on Campus | Winthrop University](#). Event directional signage must be removed 24 hours after the event.
- Notices to be posted in residence halls must be approved by the Residential Success Coordinators and follow all guidelines set by the Department of Residence Life.
- Postings or advertising which promotes the use and/ or sale of alcohol as the primary function of the event are prohibited in all Winthrop University Residence Halls.
- Postings may not be placed on the exterior surfaces of any campus buildings, trees, lampposts, fences, vending machines, trash cans, and right-of-ways adjacent to university academic, residential or support facilities, or on any parts of vehicles parked on campus.
- Every person and each group are responsible for litter generated by their own handouts or handbills.
- Entities that are unaffiliated with Winthrop University, including off-campus vendors not being sponsored by student organizations, as well as, unaffiliated individuals, businesses, and organizations, are permitted to post materials on campus on any of the [Open Access Bulletin boards](#). For information regarding opportunities for external groups, please see the external group policy.

Winthrop University Open Access Bulletin Boards

Open Access Bulletin Board posting does not require prior approval. The viewpoints and messages on the Open Access Bulletin Board are not a representation or reflection of Winthrop University. Fliers and materials on the Open Access Boards will be cleared each month. For the list of open access bulletin board locations, see the [Winthrop Posting Guideline](#) list.

** Winthrop students enrolled in on-line degree programs may submit materials for posting to the Assistant Director for Student Organizations and Leadership Development (studentorgs@winthrop.edu) and must adhere to all of the above mentioned guidelines.*

Enforcement: Violations of this policy by students or student organizations are prohibited by the Student Conduct Code and will be subject to the disciplinary process with the Dean of Students Office. Violations of this policy by off-campus entities may result in their loss of future posting/advertising privileges and/or criminal sanctions by the Winthrop University Police Department.

Safe Computing Practices Policy

Please visit the following website to view the Safe Computing Practices Policy:
<https://www.winthrop.edu/technology/safe-computing-practices.aspx>

Sexual Harassment Policy

Winthrop University is an educational community committed to common standards of integrity and respect for all of its members.

All members of the Winthrop community, guests, and visitors have the right to be free from sexual/sex-based harassment and sexual/sex-based misconduct; and such behavior will not be tolerated by the Winthrop community. Winthrop is committed to taking immediate, equitable, and effective actions to respond to sexual/sex-based harassment and sexual/sex-based misconduct to prevent its reoccurrence and to address its effects. For purposes of this Policy, sexual misconduct is always considered a form of sexual harassment; and the term sexual misconduct is used unless there is a specific reference to sexual harassment as defined in the Student Conduct Code.

Any individual who believes they have been subject to sexual harassment by an employee or student should immediately contact either the Dean of Students in 246 DiGiorgio Campus Center, ext. #4503, the Associate Vice President for Human Resources in 303 Tillman, ext. #2273, and/or the Title IX Coordinator in 256 DiGiorgio Campus Center, ext. #3928.

Incidents can also be reported online at <https://www.winthrop.edu/studentconduct/report-an-incident.aspx>.

If a student believes that they have been harassed by another student, please refer to the [Student Sexual Misconduct Policy](#) and/or the [Title IX Sexual Harassment Policy](#).

Personal Transport Policy

For the sake of this policy, the term “wheeled personal transport device” includes roller skates, inline skates, foot-propelled scooters and any type of skateboard/longboard; the term “motorized personal transport device” will include Hoverboards, Segways, and any Lithium-battery powered device used for personal transport; the term “skaters” will be used to refer to anyone using a wheeled personal transport device; and the term “riders” will be used to refer to anyone using a motorized personal transport device. Motorized or wheeled personal transport devices can be used across the Winthrop University campus, as a means to get around. Because they share the campus with thousands of others, it is very important that skaters/riders use safety, courtesy and caution, not only for their protection, but also to help ensure pedestrian safety for other members of the University community. Winthrop University sets forth these regulations to make everyone’s skating/riding safe, fun and convenient while on campus.

Wheeled Personal Transport Device (roller skates, inline skates, foot-propelled scooters, skateboards/longboards, etc.)

On the Winthrop University campus, wheeled personal transport devices are permitted for individual, point-to-point transportation, on sidewalks, in parking lots, and on university pathways designed for bicycle and pedestrian traffic. Only cautious use of wheeled personal transport devices will be permitted on campus. Therefore, skaters must yield the right-of-way to pedestrians, motorized vehicles and bicycles while on pathways and to emergency vehicles in all circumstances, in addition to adhering to all stop and yield signs. Skating and skateboarding for recreation is permitted on the roadway around Winthrop Lake, but is also subject to these guidelines. Tailgating is defined as parking in a designated location/area and consuming food and beverages, including alcohol for those individuals of legal age, at the premises outlined below as specifically approved for public consumption of beer or wine therein, prior to an intercollegiate athletic event. Winthrop University does not sanction the consumption or possession of alcoholic beverages by underage persons; nor does it sanction the violation of Federal, State or Local Law.

Tailgating Areas/Times

Tailgating will be typically permitted in the following areas only which are specifically approved for public consumption of beer or wine by those of legal age (unless additional locations are permitted for special events by the Director of Athletics, the Vice President for Student Affairs, and the Chief of Winthrop University Police Department):

Violators are subject to prosecution under the Winthrop University Student Conduct Code, the laws of the City of Rock Hill, and the State of SC. Winthrop University Police Department will maintain an active presence and patrol during all tailgating activities and respond accordingly to any violations.

Persons acting in a disruptive, disrespectful or disorderly manner may be asked to leave the premises or be subject to arrest. Students may also be charged with a violation of the Student Conduct Code.

Winthrop University does not sanction the consumption or possession of alcoholic beverages by students; nor does it sanction the violation of federal, state, or local law.

University Outside Music & Noise Policy

As part of the Rock Hill community, it is important that campus events engage in appropriate steps to ensure minimal disruption to our neighbors and ensuring an inclusive environment for all.

In an effort to maintain inclusive spaces both in outdoor event locations and athletic events, Winthrop University asks that all outdoor music/noise follow the below guidelines:

- All amplified music played in outdoor areas must be appropriate for public broadcasting (radio edits). A radio edit is generally a modified version of a musical track that has been edited to suit the specific requirements and regulations of radio stations. A radio edit typically truncates or censors profanity, vulgarities, or subject matter. See [FCC regulations](#) for additional details.
- Music is played at a reasonable volume with regard for other users and the surroundings.
- All outdoor events must adhere to county/city regulations. [Noise Ordinance Enforcement | Rock Hill, SC \(cityofrockhill.com\)](#)

To comply with these guidelines, individuals should follow these expectations:

- Users whose music is deemed to violate this policy, must comply with requests to lower the volume, change the song, or turn it off.
- When events are scheduled that may cause community impact due to volume/noise, event coordinators should notify University Communications at least 21 days prior to the event, so that the community can be made aware of the event in advance.
- Special requests for live artists or performances that may violate this policy may be submitted to the Vice President of Student Affairs for consideration within 5 days of the event.

Additional regulations exist near the residence halls on campus. See below for specific noise concerns near residence halls.

Quiet Hours—Quiet hours shall be enforced outside of the residence halls every day of the week from midnight until 8 a.m. in the designated quiet zones. All other hours are courtesy hours.

People will be able to assemble or meet in the quiet zones. However, any noise originating from these designated areas that is determined to be excessive and disturbing to the environment outside, near or inside the residence hall will not be tolerated.

Quiet Zones—Quiet zones are areas outside of all the residence halls and apartments. The quiet zones for every residential building are defined with the following designated areas:

- **The Courtyard**—The parking lots and sidewalk inside the inner courtyard.
- **Roddey**—The Roddey courtyard, the parking lot between McLaurin and the Hardin Family Garden, and the front area of Roddey to the street that runs parallel to the front of Roddey.
- **Margaret Nance**—The parking area between Margaret Nance and Crawford and the grassy front lawn from Margaret Nance to the street that runs parallel to the front of Margaret Nance.
- **Phelps**—The parking area that is surrounded by Phelps and Joynes Conference Center, the parking area between Phelps and Lee Wicker, and the area between Phelps and

Oakland Avenue.

- **Lee Wicker**—The parking area between Phelps and Lee Wicker, the grassy and sidewalk area near Oakland Avenue between Phelps and Lee Wicker, the area between Lee Wicker and Oakland Avenue, the area between the front of Lee Wicker and Cherry Road and the area (including the street) between Lee Wicker and East Thomson.
- **East Thomson**—The area (including the street) between East Thomson and Lee Wicker. Grassy concourse between East and West Thomson form the buildings to the metal fence on the Cherry Roadside. The parking area between East and West Thomson and the cafeteria on the Thurmond building side.
- **West Thomson**—Grassy concourse between East and West Thomson form the buildings to the metal fence on the Cherry Roadside. The parking area between East and West Thomson and the cafeteria on the Thurmond building side. The area between West Thomson and Richardson (including the street between the two buildings).
- **Campus Walk**-The parking lots and sidewalk inside the inner courtyard.

Violations of this policy may be subject to the disciplinary procedures outlined in the Winthrop University Student Conduct Code.

Rationale

The quiet zones are the outside areas of buildings where people live; and therefore, consideration for others within this residential community is an essential element. Quiet zones exist for each of the eight residence halls to assure consistency in the expectation and enforcement of the outside noise policy. In addition to this, the City of Rock Hill Municipal Ordinance, Section 20-161, regarding noise may be enforced by WUPD. Information about the City of Rock Hill Municipal Ordinance on noise can be located at: [Municipal Code for Noise](#).
